ADDRESS

address_id	street_number	street_name	suburb
1	12	West Street	CBD
2	34	Red Road	Indooroopilly
3	99	Green Street	Chelmer

PURCHASE

purchase_id	price	deliver	game_id(FK)
1	50.45	TRUE	2
2	300	FALSE	3
3	12.8	TRUE	1

ACTIVE STORAGE

id(PK)	filename	?	?
1	catan.jpg		
2	pandemic.jpg		

Honestly how active storage and AWS S3 works as a part of the database relationships

maximum_players	condition	description	price
6	good	A great starter game	12.45
4	incomplete	Save the world	50
5	brand new	Explore a dungeon	300
8	damaged	Family fun	25.6

state	postcode	user_id(FK)
